LETTER FROM THE CHANCELLOR

The Scout motto is “Be Prepared.” As Scout leaders we need to be prepared to give all Scouts the best program and leadership possible. The University of Scouting is one of the premier training events in the council. As a one day event, it is the easiest way to prepare adult leaders to deliver the best possible Scouting programs and supplement the training of any Scouter, from novice to the most experienced.

This year we have reorganized the catalog according to college, and subdivided according to Scout division. Thus you will find courses for Cub Scouts grouped together, with the same for Boy Scouts and Venturing in each of the colleges. Courses appropriate for any leader are also grouped within the colleges. The colleges are: Program, Membership and Relationships, Finance and Marketing and supplemental courses can be found in General Studies as electives. Of course those wanting to pursue a Doctor of Scouting degree may still do so as a Doctoral Candidate. When their completed project or thesis has been approved, they will be eligible for the Doctor of Scouting degree.

We also have a special course, Den Chief Training, for youth who want to assist Cub Scout Den Leaders.

The volunteers and staff who work year round to make this one of the best Universities of Scouting programs in the country are always looking for improvements. This year we have made the following changes:

• 18 new courses have been added marked NEW in the catalog.
• We no longer differentiate between Bachelor and Master level courses. Take a full day of courses, and if you have a Bachelor's degree, this will now result in a Master degree. (You must choose your degree while registering.)
• Our Midway has grown over the last two years and has valuable resources for your programming needs. Therefore we have added time in the day to allow you to visit at 11:30 and still take a full day of courses.

We always encourage your feedback. This year course evaluations will be online through a link at www.crossroadsbsa.org/Universityofscouting, and will be in operation the day of the event.

On behalf of the 30,000 youth in the Crossroads of America Council, I thank you for the time you spend helping our members and growing the Scouting movement. Please take a moment to review this catalog and sign up for the 2016 University of Scouting. To teach scouts to BE PREPARED we as the leaders need to be trained. See you on January 16, 2016.
